Project Updates - [Click here for more detailed information on the following projects](#)

Dog Park at Anderson Park

Clayton will soon open its new dog park in Anderson Park, the area previously known as Haddington Court. A construction company has been selected for the fencing and entryway area. Pouring of the footings for the fence have been delayed due to wet weather conditions. Construction is now expected to be completed by mid-July.

Shaw Park Recreational Trail

The recreational trail will be a system of 8' wide accessible trails throughout all areas of the park, thereby enhancing the park experience for the community. Construction fences have been installed throughout the

park to protect the trees from damage. The first layer of many trails are already installed with the complete trail system expected to be finished by mid-July.

Enterprise Holdings Pavilion

The City selected the architectural firm of Christner Inc. to design a pavilion that will enhance the park while serving as a gathering space for events, parties and corporate gatherings. Construction is expected to begin early next week.
